## 25<sup>th</sup> anniversary of Lufthansa City Center Active Tourism

### Dear entire team of Lufthansa City Center Active Tourism,

The entire LCC Headquarters in Frankfurt and your Lufthansa City Center colleagues from all over the world would like to congratulate you on your successful 25th LCC anniversary. Your success is the result of perfection, hard work, loyalty and persistence. We are truly honoured to have you as such a committed and dedicated member within the LCC network.

We are very grateful for having you as a trusted and precious LCC colleague giving our brand a face in Istanbul and representing what LCC stands for: high quality, passion for travel and outstanding travel experiences delivered with a special local touch. We are extremely proud to count on you as our meaningful partner in Turkey and we look forward to the next 25 years together with you.

Thank you for your trust and endurance - in all the good times we shared, but especially also in these challenging times we are now in. We celebrate this very special day with you today in our thoughts and look forward to the real face-to-face encounters that come back hopefully soon.

Sincerely,

Lufthansa City Center  
International GmbH

Martina Groenegres
